

ICON PLUS REVERSE OSMOSIS

WATER SYSTEM

Premium Water Filtration is *Reverse Osmosis*

Quality drinking water is not a matter of chance, it's a matter of choice!

We firmly believe that when you have a good product there is no need to hype it or over promise. In simple terms our product is a better quality product that is built and designed to perform.

Keep your drinking water clean and safe with the Icon Plus

Our Reverse Osmosis System reduces the levels of lead, nitrates, cysts (cryptosporidium, giardia), arsenic, sodium and other contaminants commonly found in unfiltered tap water. The system offers quality water at your fingertips 24 hours a day, 7 days a week, 365 days per year. Icon Plus cartridges make filter changes fast, convenient and sanitary avoiding human hand contact. Your family, friends and pets will love the taste and enjoy all the benefits healthy water can offer.

ICON PLUS REVERSE OSMOSIS

WATER SYSTEM

The Icon Plus Reverse Osmosis system offers the filtration capabilities of a conventional 5 stage system, with the advantage of less filters to replace. Thus, offering a more cost effective system.

THIS SYSTEM COMES WITH:

- High performance filters
- Durable and Elegant faucet
- System protection valve
- NSF approved material & parts
- Leak Detector options
- Sanitary - quick change filters
- Durable UV resistant material reduces yellowing

SANITARY QUICK-CHANGE FILTERS

BENEFITS

Total Care Filtration is exactly what the words imply, the Icon Plus system gives you fresh tasting, delicious, crystal clear water at your fingertips while addressing contaminants of health concern like Lead, Arsenic, Asbestos, Cysts, Mercury and many others.

- Eliminate up to 99% of dissolved solids, chlorine, fluoride, microorganisms and heavy metals such as barium, cadmium, chromium, lead and mercury
- Can be used to supply filtered water to a refrigerator, ice-maker, and water-dispenser
- Quick-Connect in/out connection points
- We encourage Icon Plus customers to use their water system for all their cooking and beverage needs
